

Gorgeous 2,800 sqft waterfront 4 bedroom, 3.5 bath new construction home located near Fernwood Country Club. Enjoy the evenings on the huge back porch which has all the hookups for an outdoor kitchen and a wood burning outdoor fireplace all overlooking the water in an upscale neighborhood. Inside you will find an open style floor plan featuring a large high-end kitchen with granite counters and an island overlooking the living and dining areas, tall ceilings with crown molding and wood floors. The large master suite features nice waterfront views and a large master bath with clawfoot soaking tub, marble lined shower and huge walk in closet. The split floor plan features all other rooms on the opposite end with one bedroom having its own personal bathroom and the back two bedrooms sharing a bath. The home is about 95% complete and builder will be finishing the driveway, installing appliances and putting on the finishing touches. Call today for a private viewing.
