

## Southern States Realty

1067 Nelson Drive, McComb

2 acres of land for sale in North Pike School District with 2 sewer hookups, power pole, water well and 14' X 14' metal building on slab with roll up door. This rural small acreage land tract with no restrictions is located on a quiet dead-end road and would make a great home site or mobile home site. Property has no restrictions so mobile homes are ok. There is also a gravel driveway that is somewhat hidden because of no use the last year or so but the rock is there. The property is partly open and partly wooded. Call now to be first to buy this hard to find type of land.
