**SOUTHERN
STATES REALTY**

This is a rare find in South MS, 78 acres of open pastureland, fenced, cross fenced, with three ponds, paved frontage and internal electricity. This tract is set up for a small livestock operation and beautiful enough to build your dream home on. Located only a short drive off I-55 in McComb, MS. Finding open ground in South Mississippi is like finding a UNICORN! This is a must see.
