If you are looking for the perfect place to chase trophy whitetails and want to be rewarded for your hard work, you must come to see this tract! This Newton County, MS, property consists of 635± acres with the front being 30± acres of beautiful, scattered pine saw timber with a fantastic campsite for several campers of mobile homes with water lines and tanks available. There is a pavilion for gathering and tons of parking for all your trucks, trailers, and friends! To top it off, an owner's cabin is the perfect deer camp tucked away in the campsite and on its own private road. It does need a little work, but it has tons of potential. Now for the good stuff...the 600± acres consists of hardwood timber stands of various ages, which produce excellent food sources for the game and great bedding and cover for the herd. There are several plots and stands connected by an outstanding road system. Two creeks traverse the property, Tallashua and Reese Branch—every indicator and piece of information points toward a thriving whitetail deer and turkey population. One thing I could not get off my mind as I spent the day on the property was that this property has potential for a Mud Bogging Facility and commercial use with campers, food trucks, etc., as this has substantial income potential! Once you view the property, you will see its full potential! Call Tom to schedule your private showing of this one-of-a-kind property!
