Any such Specific Assessment shall be due and payable to the Association fourteen (14) days after the date of the invoice delivered to the Owner containing the Specific Assessment.

4.4 - Exempt Property. All Lots dedicated to and accepted by a public authority and all Lots owned by the Association shall be exempt from Assessments created herein. All Private Street Easements, Private Street Facilities, Property Service Easements and Property Access Facilities and Property Fence Easements shall be exempt from the Assessments created herein.

4.5 - Billable Lots. Every platted Lot within the Property shall be considered a Billable Lot and subject to assessments with the exception of the following:

- (a) any Lot designated as exempt under Section 4.4 effective from the date of conveyance;

- (b) any Lot which has been consolidated with an adjacent Lot owned by the same Owner for building purposes under the procedure described in Section 6.12 effective from the date the approval is filed in the Official Public Records of Kendall County, Texas; and
- (c) any contiguous Lots owned by one Owner in excess of two (2) which have been granted an assessment waiver by a majority vote of the Board of Directors effective from the date of such decision which must be in effect as of the date of adoption of this Second Amended and Restated Declaration of Covenants, Conditions and Restrictions Diamond Ridge.

4.6 - Effect of Non-Payment of Assessments. To the extent allowed by law, all Assessments provided for herein shall be the personal and individual debt of the Owner of the Lot covered by such Assessments, secured by the lien provided for in Section 4.7. No Owner may exempt himself from liability for such Assessments.

- (a) Assessments not paid when due shall bear interest from the date due until paid at the rate of ten percent (10%) per annum or the highest lawful rate, whichever is lower.
- (b) Any Owner in default of paying such Owner's Assessments and other obligations when due shall also be subject to any costs of collection, including, but not limited to, administrative late fees and legal fees. If suit is brought to collect an Owner's Assessment, the costs of such suit and related collection efforts (including, without limitation, all reasonably necessary costs and expenses attendant upon bringing such action, including reasonable attorneys', expert fees and deposition costs, recording fees, filing fees, certified mail costs and all other litigation related costs) shall be paid by the Owner who has defaulted.
- (c) The Association may file a notice in the Official Public Records of Kendall County, Texas against the Lot of the delinquent Owner setting forth (a) the amount of the claim of delinquency including interest and costs of collection, (b) the legal description and street address of the Lot against which the lien is claimed and (c) the name of the Owner thereof. Such notice shall be signed and acknowledged by an officer of the Association or other duly authorized agent of the Association. The notice shall continue until the amount listed and all subsequently accruing amounts are fully paid or otherwise satisfied, at which time Association shall execute and record a notice releasing the prior notice.

4.7 - Creation of Lien and Personal Obligation. In order to secure the payment of the Assessments, and other charges hereby levied, each Owner of a Lot in the Property, by such party's acceptance of a deed thereto, hereby grants to the Association a contractual lien on such Lot which may be foreclosed on by judicial foreclosure, pursuant to the provisions of Chapters 51.002 and 209 of the Texas Property Code (and any successor statute). Subject to Chapter 209 of the Texas Property Code, following any such foreclosure, each occupant of any such Lot foreclosed on and each occupant of any Improvements thereon shall be deemed to be a tenant at sufferance and may be removed from possession by any and all lawful means, including a judgment for possession in action of forcible detainer and the issuance of a writ of restitution there under. In the event of nonpayment by any Owner of any Assessments or other charges levied hereunder, the Association may, in addition to foreclosing the lien and exercising the remedies provided, upon ten (10) days prior written notice to such nonpaying Owner, exercise all other rights and remedies available at law or in equity.

4.8 - Subordination of Lien to Mortgages. The lien described in this Article IV shall be deemed subordinate to the lien of any mortgage or other liens of any lender which may have heretofore or may hereafter lend money in good faith for the purchase or Improvement of any Lot and any renewal, extension, rearrangement or refinancing thereof, including any home equity loans if required by law. Each such mortgagee of a mortgage encumbering a Lot who obtains title to such Lot pursuant to the remedies provided

in the deed of trust or mortgage or by judicial foreclosure shall take title to the Lot free and clear of any claims for unpaid Assessments or other charges against such Lot which accrued prior to the time such holder acquired title to such Lot. No such sale or transfer shall relieve such holder from liability for any Assessments or other charges thereafter becoming due or from the lien thereof. Any other sale or transfer of a Lot shall not affect the Association's lien for Assessments or other charges. The Association shall make a good faith effort to give each such mortgagee listed in the Official Public Records of Kendall County, Texas for the Lot sixty-one (61) days advance written notice of the Association's proposed foreclosure of lien described in Section 4.7 hereof, which notice shall be sent to such mortgagee by United States registered or certified mail, return receipt requested, and shall contain a statement of delinquent Assessments and other charges upon which the proposed action is based provided, however, the Association's failure to give such notice shall not impair or invalidate any foreclosure conducted by the Association pursuant to the provisions of this Article IV.

ARTICLE V ARCHITECTURAL CONTROL COMMITTEE

5.1 - Purpose. In order to establish and preserve a harmonious and aesthetically pleasing design for the Property and to protect and promote the value of the Lots, the lots shall be subject to the restrictions set forth in this Article V. Every grantee of any interest in a Lot by acceptance of a deed or other conveyance of such interest, agrees to be bound by the provisions of this Article V.

5.2 - Architectural Control Committee. The ACC shall consist to not less than two (2) nor more than seven (7) members appointed by the Board. The Board may provide for staggered terms for such members for terms not exceeding four (4) years.

5.3 - Actions of Architectural Control Committee. The ACC may, by resolution, unanimously adopted in writing, designate one or more of its members to take any action or perform any duties for and on behalf of the ACC. In the absence of such designation, the vote of a majority of all the members of the ACC taken with or without a meeting shall constitute an act of the ACC. The ACC shall keep written records of all votes taken on acts of the Committee.

5.4 - Design Guidelines. The ACC may adopt procedures and guidelines, not in conflict with this Declaration, as it may deem necessary or proper for the performance of its duties and to provide guidance to Owners in planning Improvements. Any such Design Guidelines shall become effective against all Lots and Owners upon filing in the Official Public Records of Kendall County.

5.5 - Required Approval by Architectural Control Committee. No construction of Improvements, or modifications, additions, or alterations to existing Improvements, shall be commenced or maintained by or on behalf of any Owner with respect to any Lot in the Properties unless and until Plans and Specifications and related data showing the nature, color, type, shape, height, materials, and location of the same shall have been submitted to and approved in writing by the ACC as to the compliance of such Plans and Specifications with this Declaration and the Design Guidelines, including the harmony of external design, location, and appearance in relation to surrounding structures and topography. This required advance, written approval includes, but is not limited to, the construction, installation or alteration of dwellings, garages, guest or servants' quarters or other outbuildings, greenhouses, playhouses, sidewalks, driveways, parking lots, mail boxes, decks, patios, courtyards, swimming pools, tennis courts, awnings, walls, fences and exterior lights.

Any construction, other than normal maintenance, which alters the exterior appearance of any Improvement, or the removal of any Improvement, shall be performed only with prior written approval of the Architectural Control Committee.

Nothing contained herein shall be construed to limit the right of an Owner to remodel the interior of his Improvements, to paint the interior of the Improvements on his Lot any color desired, or to repaint or restore the exterior of the Improvements on his Lot with the same color which had been previously approved in writing by the ACC for such Improvements.

Upon approval of Plans and Specifications, no further approval under this Article V shall be required with respect thereto, unless construction has not substantially commenced within six (6) months of the approval of such Plans and Specifications (e.g., clearing and grading, pouring of footsteps, etc.) or unless such plans and specifications are materially altered or changed.

The ACC has the authority to establish a fine policy under Section 5.9 which may include a fine for failure to obtain approval from the ACC in accordance with this Section 5.5.

5.6 - Submission of Plans and Specifications. Whenever in this Declaration the approval of the ACC is required, it shall consider all of the Plans and Specifications for the Improvement or proposal in question and all other relevant facts and information and may require an Owner to provide such other information as is relevant. The ACC shall have the sole discretion to determine whether plans and specifications submitted for approval are acceptable to the Association. The ACC may disapprove Plans and Specifications for any reason which is consistent with the objects and purposes of this Declaration as determined by the ACC from time to time, including purely aesthetic considerations, so long as such grounds are not arbitrary or capricious.

The ACC shall make a decision on any Plans and Specifications submitted within thirty (30) days from the date of the submission of all required documents and review fees provided in Section 5.8, if any, and deposits provided in Section 5.9, if any. If insufficient information is submitted, the ACC may postpone review of the Plans and Specifications until such time as the ACC has received all requested and necessary information and review fees so long as the ACC requests such information and fees within ten (10) days from the date of submission of the Plans and Specifications. Each decision of the ACC must be in writing and returned to the Owner with a designation of "approved", "approved with conditions" or "disapproved". An Owner is bound by any conditions associated with an approval. If the ACC has not issued a written response within thirty (30) days from the date all requested and necessary information and fees are received, the Plans and Specifications shall be deemed approved. No such approval for lack of response shall authorize a violation or grant a variance from this Declaration or the Design Guidelines.

5.7 - Right to Inspect. Any member of the Board of Directors, the ACC or their representatives shall have the right, but not the obligation, during reasonable hours to enter upon and inspect any Lot with respect to which construction is underway to determine whether or not the Plans and Specifications therefor have been approved and are being complied with. If required, the fee must be paid in advance of ACC review of such Plans and Specifications and related data.

5.9 - Deposits and Fines. The ACC may establish a policy for assessing fines to Owners associated with violations of terms of the Design Guidelines or this Declaration. The ACC may require that a deposit, such deposit to be held in trust by the Association, be paid to the Association prior to the construction of certain types of Improvements to pay for any fines incurred during construction of Improvements or damage to the

Common Areas related to construction of Improvements. The deposit does not limit Owners liability for fines or damage. The Owner is responsible for all activities and actions occurring within the Property by Owner, contractors, agents and others associated with the Improvement. Within thirty (30) days of written notice from Owner of completion of construction, Association shall provide a summary of fines or damages, if any, to the Owner and refund the unused deposit, if any. For an approved variance regarding building setback line encroachment, the variance becomes effective when filed in the Official Public Records of Kendall County, Texas. If any such variances are granted, no violation of the provisions of this Declaration shall be deemed to have occurred with respect to the matter for which the variance is granted; provided, however, that the granting of a variance shall not operate to waive any of the provisions of this Declaration for any purpose except as to the particular property and particular provisions hereof covered by the variance, nor shall the granting of any variance affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting the property concerned and the Plat.

5.11 - No Waiver of Future Approvals. The approval or consent of the ACC to any plans or specifications for any work done or proposed, or in connection with any other matter requiring the approval or consent of the ACC, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar plans and specifications, or whatever other matter, subsequently or additionally submitted for approval or consent by the same or a different Person.

5.12 - Certificate of Compliance. Upon completion of any Improvement approved by the ACC and upon written request by the Owner of the Lot, the ACC shall issue a Certificate of Compliance in a form suitable for recordation. The Certificate shall identify the Lot and the Improvements, the use or uses to be conducted thereon, and the Plans and Specifications on file with the ACC pursuant to which the Improvements were made and shall specify that the Improvements comply with the approved Plans and Specifications. The Certificate shall not be construed to certify the acceptability, sufficiency or approval of the Improvements by the ACC, either structurally or in conformance with any code, standard or otherwise, or that the ACC actually reviewed or considered the Improvements or the workmanship or material used therein. The Owner is specifically hereby notified that the Certificate in no way warrants the sufficiency, acceptability or approval by the ACC of the construction, workmanship, material and/or equipment of the Improvements. Preparation and recordation of such a Certificate shall be at the expense of the Owner of the improved Lot.

5.13 - NON-LIABILITY FOR ARCHITECTURAL CONTROL COMMITTEE ACTION. No detached garages and outbuildings will exceed twenty five (25) feet in height from the highest elevation of virgin soil. Each Lot will be limited to no more than one (1) outbuilding per two and one half (2.5) acres unless the owner shall have first secured a variance pursuant to Section 5.10. No structure of a temporary character, whether trailer, motor home, basement, shack, garage or other outbuilding shall be maintained or used on any Lot at any time as a residence, either temporarily or permanently, except as provided below. No Lot shall be used as a camping ground. After the dwelling is complete, an RV camper or motor home may be stored on the Lot provided it is stored in compliance with Exhibit A. A home builder may place a jobsite trailer on a Lot during construction of the dwelling only after the location, size, and design of such trailer is approved in writing by the ACC. Once the dwelling is complete, the jobsite trailer shall be removed.

6.4 - Exterior Masonry. The exterior walls of the main residence constructed on any Lot shall be at least eighty five percent (85%) masonry, or masonry veneer, excluding window and door openings. Other low water turf products and artificial lawn applications will be considered and may be approved by the Architectural Control Committee. St. Augustine and grasses that are not drought resistant are discouraged. Grass, whether native or planted, shall be mowed on a regular basis when necessary and maintained at a height no greater than six (6) inches above the ground for native grasses, and no greater than three (3) inches above the ground for all other grasses.
- (b) **Xeriscape.** This technique is encouraged and will afford the homeowner more latitude with their landscaping efforts, especially when large areas are to be designed. As with all other landscaped areas, xeriscaped areas should be kept weed free.
- (c) **Natural Areas.** In some cases, it is not practical to landscape the area between the house and the street. When this is the case, application for an exception to a. and b. of this section 6.9 can be made to the ACC. If approved, the homeowner should landscape the appropriate areas to enhance the look of the home from the most likely viewing areas. The areas along the driveway should also be kept in a trimmed and tidy fashion.
- (d) **Ash Juniper.** Any existing ash juniper, commonly called cedar, should be cleared if the trunk is less than six (6) inches in diameter. No creeks or natural drainage areas may be dammed, or water impounded, diverted or used for any purpose without the prior written consent of the Architectural Control Committee. Driveway culverts must be installed and will be of sufficient size to afford proper drainage of ditches without backing water up or diverting flow. Drainage culvert installation must meet Kendall County, Texas requirements.

6.12 - Resubdivision. No Lot shall be resubdivided or split unless approved by Kendall County, so long as the density of the Property does not drop below the minimum requirements set forth by Kendall County and the Cow Creek Water District. Lots or portions of Lots may be combined into one Lot for building purposes and the interior common boundary line shall be extinguished by filing a recordable document of record signed by the Architectural Control Committee, declaring the same to be extinguished so long as all resulting Lots are larger than the original Lots. Thereafter, all setback lines shall refer to the exterior property lines. After approval, each of such combined Lots shall be considered as a single Lot for assessment purposes. Public utility and drainage easements are exempt from this provision.

With the approval of the ACC, a Lot may be split in half and conveyed to the Owners of each adjoining on either side of the Lot. Each half then becomes a part of the full Lot it adjoins and may not then be resold separately from the full Lot it becomes part of, or the two halves may be rejoined and sold as one lot. If a lot is divided as referenced above, all set back lines shall be measured from the resulting exterior property lines rather than the Lot lines indicated on the Plat. The foregoing does not alter or amend any easement rights that exist or may exist concerning each Lot affected by the foregoing. All Assessments on the divided Lot shall continue to accrue and shall be assessed against the owners of the divided Lot on a pro-rated basis.

6.12 - Model Homes. Notwithstanding anything herein contained, Builders shall be allowed to construct model or speculative homes so long as such model or speculative home conforms to these restrictions.

EXHIBIT "A"
INITIAL RULES

The purpose of Rules is not to anticipate all acceptable or unacceptable behavior in advance and eliminate all improvements or activities that fall outside of "the norm". It is expressly intended that the Board of Directors and the ACC have discretion to approve or disapprove items, or to enforce or not enforce technical violations of the Governing Documents, based upon aesthetic or other considerations consistent with the established guidelines. As such, while something may be approved or permitted for one Lot under one set of circumstances, the same thing may be disapproved for another Lot under a different set of circumstances. The exercise of discretion in approving or enforcement shall not be construed as a waiver of approval or enforcement rights, nor shall it preclude the Board from taking enforcement action in any appropriate circumstances. The following shall apply to all of the Property until such time as they are modified pursuant to this Declaration.

1. **General.** The Lots within the Property shall be used only for residential, recreational and related purposes consistent with this Declaration.
2. **Restricted Activities.** Unless expressly authorized by, and then subject to such conditions as may be imposed by the Board, the following activities are prohibited within the Property.
 - (a) **Animals.** Except as provided below, no animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot except that no more than a combined total of four dogs, cats, or other usual and common household pets (excluding pigs of any kind) may be kept for domestic purposes. However, those pets which are permitted to roam free, or, in the Board's sole discretion, make objectionable noise, endanger the health or safety of, or constitute a nuisance or inconvenience to the occupants of other Lots shall be removed upon the Board's request. If the pet owner fails to honor such request, the Board may remove the pet. Dogs shall be kept on a leash or otherwise confined in a manner acceptable to the Board whenever outside the dwelling. Pets shall be registered, licensed and inoculated as required by law. Animal breeding operations are not allowed.

Only Lots 37 through 40 and Lots 125 through 132 as designated on the Plat, shall be allowed to keep up to one (1) horse per one and a half (1.5) acres of land.

- (b) **Residential Use.** All Lots are for single family residential use only and no Lot is to be used for business, professional, commercial or manufacturing use of any kind, whether or not for profit.  - (2) Promotional material is being used or distributed which indicates a business (whether or not for profit) is being conducted from the Lot. The use of a residential phone number would not constitute a violation of this guideline but the use of the property address would. Normal business stationary and cards are not considered promotional material for these purposes.
 - (3) The Lot is being used in such a manner to routinely cause an excessive flow of traffic to the Lot or an increased amount of parking on or around the Lot.
