Take a look at this spacious four bedroom two and a half bath, country home situated just off Hwy 51 in Vaiden, MS. The home has recently undergone some renovations to include granite counter tops in the kitchen, vinyl windows and the master bath. Standard appliances are included along with washer and dryer. The home has an upstairs bonus room that could be an additional bedroom, office or storage space. The winding paved drive flows through an attractive shaded yard. The home site consists of 20+/- acres, mostly wooded, to include a shop and equipment shed. A pond is located in the front of the property adding to the beauty and an opportunity to fish or just relax near the water. Plenty of open space is available for a garden. A tractor and equipment are included and should make maintaining the expansive property manageable.

Additional acreage, mostly wooded with some open meadows is available if interested. The additional property is contiguous to the 20+/- acres. See attached areal map for details. Call Sam for a private tour.
