Hunting land for sale near Port Gibson, MS. This 355 acre tract is located on Moulder Road in NE Claiborne County, MS. This tract sits in the hills just above the Big Black River. The rolling hills make this tract hunt huge and hold lots of game. This area has been on a big buck management program for 20+ years and has produced several 150"+ deer. When the water is high in the river this tract is one of the first stops for those big river effect bucks. There are mostly large adjoining landowners keeping the hunting pressure low. This tract also holds lots of turkeys and small game with possibly a few ducks along the creek bottom. The great road system leads you all through the beautiful hardwoods to the many food plots. The Western border is Ragsdale Creek with clear water and beautiful sand beaches. The blacktop frontage on Moulder Road leads you to several large hardwood ridges that would make for great cabin/camp sites. Call today to setup your private showing of this wildlife paradise.
